FEDERAL AGENTS IN THREE STATES ARE INVESTIGATING

DEPARTMENT OF JUSTICE BELIEVES INTERSTATE EXCHANGE EXISTS

COVERS STATES OF MINNESOTA, NORTH DAKOTA, MONTANA, ETC.

(By United Press)
St. Paul, Minn., March 7.—Federal agents in three states are today completing efforts to round up what is expected to be the largest number of automobile theft syndicates in the history of the northwest.

Evidence coming to the Department of Justice six weeks ago lead them to believe there is an interstate exchange for stolen automobiles covering the states of Minnesota, North Dakota and Montana and possibly others.

This belief was borne out late Friday with the arrest of six men at Plentywood and Madison Lake, Montana and Minot, N. D.

So far seventy-eight automobiles have been found in small towns in North Dakota, Montana and Western Minnesota. Some of the cars were found hidden in haystacks, barns and garages and others were located alongside roads awaiting opening of the spring season when they were to be sold.

Three of the cars found were said to have been stolen from Minnesota residents.

While more arrests are expected, Michael Johannes, chief special agent of the department of justice would not discuss details of the case.

U. S. BUS CONTROL IS SEEN BY BOWEN

THE SUPREME COURT DECISIONS SHOW TENDENCY TO FEDERAL REGULATION

St. Paul, Feb. 7.—Federal control of busses is seen by Ivan Bowen, state railroad and warehouse commissioner, in the near future.

Commissioner Bowen bases his belief on two recent decisions of the United States supreme court.

The court held that a Washington state law and a Maryland order were invalid in that they required a permit from a state board to operate busses as common carriers.

Mr. Bowen points out that "the tendency of these decisions will be to force centralization of regulation in the federal government."

States cannot refuse to permit motor vehicles for hire as common carriers in interstate commerce to use its highways, it was held. The decision was a defeat for Maryland in a case brought by George W. Bush & Sons, who as common carriers had been refused a permit to operate motor vehicles for hire over the state roads in interstate commerce.

According to statements of members of her family, she broke her engagement to Graves and returned his ring last night, later consenting to walk a short distance with him when he left her home. When she failed to return a search was made and she was found unconscious in a field nearby.

\$500,000 POT SAID TO BE PLAN IN MURDER CASE

RUM RING LEVIES ALCOHOL TAX FOR GLEEMAN DEFENSE, REPORTED

60,000 GALLONS OF LIQUOR PER MONTH HANDLED IN TWIN CITIES

(St. Paul Daily News)
An "alcohol tax" is reported being levied in St. Paul and Minneapolis to build up a \$500,000 defense fund for Ben and Al Gleeman.

Every effort of a nationwide alcohol distributing syndicate which maintained headquarters in the Twin Cities is being set to secure the freedom of the brothers held in the Ramsey county jail for the murder Feb. 16 of Burton H. Stevens, it is said.

These reports, based on apparently authentic information, were current today in St. Paul's bootlegging underworld.

They were flatly denied by Thomas J. Newman of counsel for the Gleeman brothers. Mr. Newman said that the Gleemans and their relatives were meeting the costs of the defense "out of their own pockets."

The "alcohol tax" has been adopted by the syndicate for which the Gleemans were alleged powerful agents, according to the reports, as the most simple way of raising funds to cover the costs of the defense.

With about 60,000 gallons of pure grain alcohol being shipped into and distributed out of the Twin Cities every month, it will be but a short time before the defense fund may attain enormous proportions, it was pointed out.

Inasmuch as the syndicate now controls, it is said, 95 per cent of the liquor traffic in the northwest, collection of the "tax" is a simple matter. It is added to the price per gallon and set aside in a separate fund.

There were two separate reports today as to the size of the per-gallon "tax." One report held it at \$1 and the other at 50 cents. However, the price of alcohol went up \$1 per gallon today.

Efforts to secure release of the Gleemans on the \$75,000 bonds fixed for each in Ramsey district court have so far failed. Bondsman failed in efforts to induce county authorities to accept the real estate securities offered at anywhere near their "sworn" value.

MARX RESIGNS AS PREMIER OF GERMANY

MAY BECOME REPUBLICAN CANDIDATE FOR PRESIDENCY

MOVEMENT IN HIS BEHALF CONTINUES TO GAIN STRENGTH

(By United Press)
Berlin, March 7.—Wilhelm Marx, formerly Chancellor, who resigned the Prussian premiership, probably will be the republican candidate for the German presidency.

The movement in his behalf continues to gain strength and indications are he would probably stand a better chance of victory than any of several candidates being considered.

While the presidential campaign is already causing enormous interest, the public attention is divided between two other matters—the security pact and the railroad strike.

There is general indication a safety pact would go far towards healing Germany's post-war suspicions, but the German press is doubtful if France would permit any workable safety pact and is worried because of Poland's criticism of the proposed pact.

MITCHELL, AIR CHIEF, MAY RUN FOR SENATORSHIP

FRIENDS ARE URGING HIM TO ENTER REALMS OF POLITICS

MAY CONTEST FOR SEAT OF SENATOR IRVIN L. LENROOT, REPUBLICAN

(By United Press)
Fort Monroe, Va., March 7.—Brigadier-General William Mitchell demoted as assistant chief of the air service, may doff his army uniform for a senatorship.

His friends are urging him seriously to consider making the race in 1926 for the Wisconsin senatorship against Senator Irvin L. Lenroot, republican. Mitchell's father was at one time a senator from the state.

Mitchell meanwhile probably will be attached to the 6th Corps Aerial headquarters at Chicago as air officer when he loses his present position and reverts to a colonelcy on April 27th. He wants to serve in the middle west and it is believed the Chicago post is what he will choose. Mitchell looks with interest on the idea of transferring activities to Congress.

The flying general who is here for the anti-aircraft test, is only 45 years of age, but he can retire from the army in a few years after 30 years of service, with an active life still before him.

He recently announced he would resign and run for a congressional seat if it was made impossible for him to stay in the army after his bold attack on his superiors in the aircraft controversy. He has not, however, expressed himself on the senatorship.

Paris, March 7.—Another obstacle that confronts those working for a safety pact, however, is Poland's fear that Franco-German security agreement might fail to provide that its borders shall remain intact.

In connection with this question, Count Skrzynsky, the Polish foreign minister, conferred with Premier Herriot from whom he obtained assurances that France would accept no uniform security pact that did not include provision for the Polish and German frontier.

Much importance is attached to conferences between Chamberlain and Herriot. It is believed the French Foreign Minister has outlined a safety agreement which he will propose at the Geneva meeting.

Chamberlain is understood to have told Herriot that England was not desirous of becoming entangled in any guarantee of Germany's eastern boundary and sees no necessity for any supplementary military agreement with France.

The attractive young nurse was released under \$10,000 bonds today while authorities delved further into the alleged baby mart.

Mrs. Sims is accused of violating California anti-slavery statutes prohibiting traffic of humans. She denied she sold any babies, contending she merely helped "unfortunate mothers" to dispose of their offspring by arranging their adoption.

Mrs. Ella G. Williams, a dressmaker, told authorities she purchased an infant outright from Mrs. Sims.

"I paid \$75 down and gave her a \$100 dressmaking contract for the balance," she said.

Republican senators in caucus stripped LaFollette and Ladd of their chairmanship of the committees on manufacturers and public lands respectively. Frazier and Brookhart were shorn of their former rights to be classed as republicans in committee affairs and placed at the bottom of the committee list.

ROW AMONG REPUBLICANS OVER OUSTER OF THE FOUR

Washington, March 7.—A row broke out among republicans on the senate floor today over the ousting of four party members for their activities against President Coolidge in the last campaign.

By an objection Senator Norris of Nebraska, republican, prevented the consideration of the new senate committee list which dropped Senators LaFollette, Ladd, Frazier and Brookhart from their seniority privileges and treats them as members of a new party.

The objection was made after Senator Borah of Idaho, republican, had denounced the action of the republican conference and said that the republicans were "robbing the state which elected these men as republicans of their rights."

Congressional Jaunts Slated During Recess

Washington, March 7.—A number of house members are planning trips into fields afar during the congressional recess.

Six, including members of the insular committee, plan to leave New York, March 28 to review the naval maneuvers at Hawaii.

Plans are being made for a joint congressional committee of three senators and three representatives to conduct a postal rate survey, as provided in the pay and rate increase measure, and this is likely to entail considerable traveling.

Representative Knutson, Republican, Minnesota, intends to sail March 15, on a trip to the West Indies, where he will meet six other representatives for an unofficial survey of Porto Rico, Haiti and San Domingo.

About a dozen members of the house naval committee plan to accept Secretary Wilbur's invitation to visit Pearl Harbor, Hawaii, leaving about June 4.

12,000 COAL MINERS GO OUT ON A STRIKE

STRIKE THREATENS SUFFERING AND TROUBLE IF PROLONGED

AUTHORITIES ORDER OUT THE TROOPS READY FOR USE AT MINES

(By United Press)
Halifax, March 7.—The greatest labor dispute occurring in Eastern Canada in years came to a head today when 12,000 coal miners went on strike. Ten Nova Scotia mines, all located in Cape Breton, are expected.

Maintenance men also left their work. The strike, effective at midnight, threatens suffering and trouble if prolonged.

While the miners are cool at present, the authorities have ordered troops ready in case it is necessary to send them to the mines. The mines are owned by the Imperial Steel Company. The miners are members of the United Mine Workers of America.

The strike occurred when the company refused to increase the miners' credit at the company's stores and refused the demands that certain of the mines be operated four days a week.

RANKS OF STRIKERS ARE AUGMENTED

Halifax, March 7.—By 10 a. m. the ranks of the strikers had been further increased, but there had been no disorder.

Employees of the collieries of the Besco Corporation in Pictou county, Nova Scotia and Springhill, Nova Scotia had ceased work entirely as a sympathetic strike to aid the Cape Breton miners. The Greenwood and Intercolonial mines at Pictou are not affected.

AUSTRALIA FINDS WAY TO PUT HER IDLE MEN TO WORK

Maintenance men also left their work. The strike, effective at midnight, threatens suffering and trouble if prolonged.

While the miners are cool at present, the authorities have ordered troops ready in case it is necessary to send them to the mines. The mines are owned by the Imperial Steel Company. The miners are members of the United Mine Workers of America.

The strike occurred when the company refused to increase the miners' credit at the company's stores and refused the demands that certain of the mines be operated four days a week.

RANKS OF STRIKERS ARE AUGMENTED

Halifax, March 7.—By 10 a. m. the ranks of the strikers had been further increased, but there had been no disorder.

Employees of the collieries of the Besco Corporation in Pictou county, Nova Scotia and Springhill, Nova Scotia had ceased work entirely as a sympathetic strike to aid the Cape Breton miners. The Greenwood and Intercolonial mines at Pictou are not affected.

RIOTS THREATEN IN OHIO TOWN

BELLEFONTAINE AND RUSSYLVANIA AROUSED OVER DEATH OF ALLEGED LUNATIC

(By United Press)
Bellefontaine, O., March 7.—Special precautions against possible rioting were taken by city and county authorities this afternoon as a result of the slaying of Ray Wren, alleged lunatic, by a sheriff's posse near here Thursday.

The arrival of a score of automobiles loaded with citizens from Russellville where Wren was killed added credence to the rumors which have thrilled Logan county for two days. Sheriff Wooley swore in five special deputies, it was learned. The police department called in all officers for speedy special instructions.

Wren was to be buried late today. As the time for his funeral approached, the crowd on the streets increased rapidly. Wooley said he had received numerous warnings that the Russellville delegation planned to make trouble at the funeral.

NEW LOUD SPEAKER OF LONGWORTH HOME TAKES FIRST TRIP

Chicago, March 7.—"Princess" Paulina, with her mother, Alice Roosevelt Longworth, steamed out of Chicago today for Washington. Paulina is the three-weeks-old daughter of the man chosen by Republicans to be elected speaker of the house and is a granddaughter of the late Theodore Roosevelt.

The new loud speaker of the house of Longworth has not been photographed to date, because her mother does not believe that individual characteristics will develop in the child's face, until it is at least two months old.

In Chicago when on March 9 to 12 medical educators of the country will assemble here to confer on the progress made by those teaching medicine and surgery.

The occasion will be the annual Congress on Medical Education, Medical Licensure, Public Health and Hospitals.

National authorities will be among the speakers, including: Dr. William Haggard, professor of surgery in Vanderbilt university and president-elect of the American Medical association; Dean Samuel W. Lambert of Columbia University College of Physicians and Surgeons; and Dr. Charles C. Guthrie of the Pittsburgh School of Medicine.

Results of modern improvements in medicine and surgery will be discussed on the first days program by governmental authorities. Surgeon Gen. Edward R. Stitt of the U. S. navy, Surgeon Gen. Merritt W. Ireland of the U. S. army, and Surgeon Gen. Hugh S. Cumming of the U. S. public health service are scheduled to talk, and they will correlate the varying departments of medicine. One big problem up for solution will take up the providing of hospital facilities for the country districts. This will be dealt with by Dr. S. S. Goldwater of Mt. Sinai hospital, New York, and Homer F. Sanger of the American Medical association, who will give a summary of the present facilities.

The advantages of a hospital with a fixed staff, contrasted to those which any physician is allowed to use, will be debated. Educating the public properly, in health, will be considered on the final day.

CHRISTIANITY IS

A LIFE TO LIVE

It's Not a Death to Die, Says Rev. Valiant in Sermon at First Baptist Church

AT CHRISTIAN LIFE MISSION

Christians Should Demonstrate the Fruit of Christian Characteristics Said Evangelist

In his sermon last night before a large audience at the First Baptist church, Rev. Valiant said: "Christianity is a life to live, not a death to die. Christianity is a life to live not a faith to believe only. If some of the church members of Brainerd could be converted to the honest and sincere living of the Christian life as a result of this Christian Life Mission it would be one of the greatest blessings that has hit Brainerd in a long time.

Grape vines are for fruit. Fig trees are for fruit. So God has planted his people in the vineyard and orchard of life for the sole purpose of bearing fruit. They are not there for decorative purposes. When God wants decoration He can do better than using people like the most of us. Some of the Christians of Brainerd are going to have their last chance this year to demonstrate the fruit of Christian characteristics in their lives and to bring their fellow men into the Christian life and service."

health commissioner, will tell what he has accomplished with health bulletins. Dr. Mordecai Eshelberg, editor of the Journal of the A. M. A., will talk on the use of newspaper publicity campaigns, while Gen. Cummings will tell of the use of radio in teaching the public to keep well.

Those who will try to solve the question of serving the rural needs for a physician are: Dr. George F. Zook of the U. S. Bureau of Education; Prof. William L. Bailey, sociology professor at Northwestern university; Dr. William A. Pusey, president of the American Medical association; Dr. Raymond Pearl, professor of vital statistics at Johns Hopkins university, and Dean E. P. Lyon of the University of Minnesota medical school.

HAZING DAWES

News reports state the senate tried hazing Dawes. We fail to see how they can ever hope to suppress him. Dawes as former chief of the budget, as chief purchasing agent of the army and in sundry other capacities has led a life of action.

He hates to see time wasted. He is anxious that taxpayers get the worth of their money. He wants to see things done and done quickly. He undoubtedly knew the senatorial limitations regarding speeches of the presiding officer and so he launched into his oration as soon as he got his feet on the speaker's rostrum.

And when Dawes makes his appeal for business-like procedure in senate chambers, he does not expect much action from the senate, but he puts his appeal to the country at large, to the people at home.

It has aroused the senate so that the proverbial dignity of that august body seems to have been most severely shaken, as witness a newspaper report of a talk given by Senator Reed of Missouri, who without mentioning his name, spoke of the vice president as a "jackass, who comes in and tries to set his opinion up against the views of such men as Calhoun, Webster and others."

The only resemblance Dawes bears to a jackass, and he handled a lot of them when he bought the animals for the American troops in France and pulled the artillery out of the mud, we say the only resemblance lies in the fact that Dawes packs a mighty kick and knows how to place his wallop.

As mentioned by James O'Donnell in press dispatches, these are the four questions hurled at senate procedure:

"Who would dare to contend that under the spirit of democratic government the power to kill legislation providing the revenues to pay the expenses of government should during the last few days of a session ever be in the hands of a minority or perhaps one senator?"

"Why should they ever be able to compel the President of the United States to call an extra session of congress to keep in functioning activity the machinery of the government itself?"

"Who would dare maintain in the last analysis the right of the senate itself should ever be subordinated to the right of one senator to make a speech?"

"Were this the first session of the senate; and its present system of rules, unchanged, should be presented seriously for adoption, the impact of outraged public opinion reflected in the attitude of the senators themselves, would crush the proposal like an egg shell."

Editorial comment throughout the nation is chiefly leveled on what is known as Rule No. 22 which makes a filibuster possible.

The New York Evening Post says it did not take Dawes very long to demonstrate to the senate of the United States, and to the people of the country, that he has no notion of performing that duty in a perfect way. His first utterance was a notice to the senators that the "traditions of the senate," insofar as they operate to prevent expeditious transaction of public business, means absolutely nothing to him. The vice president's conception of his office is inspiring to the nation at large.

The things the vice president said are true and they needed saying, says the Detroit Free Press.

The Boston Post wishes the vice president the best of luck in his efforts to reform the senate.

In doing away with one-man filibustering, the New York Evening Sun says the vice president is 100 per cent right in advocating a reform. The public will back him.

True, Roosevelt tried to effect changes, but never even put a dent into the senatorial armor. Dawes charges into the fray and will keep on splintering his spears until he hits a vulnerable point. Wait for the fun when one senator tries to hold up the senate in a filibuster with a long-winded speech and seeks to snarl up the government.

TIME FOR CAUTION

UNDER this heading, "Time for Caution," the Bemidji Daily Pioneer publishes an editorial which is of interest to many a town and describes conditions ruling in many municipalities, and that is, there is a saturation point in the line of general industry and professions. Just so many merchants, so many professional men, so many newspapers, etc., can do business profitably. If the field in any one line is over-done, it becomes harder to do business and the overhead increases. The Pioneer states:

In the past few weeks Bemidji's retail district has witnessed several reverses. One druggist, unable to stand the strain in an overcrowded field, gave up in disgust and has left the city, turning over his rights in his stock to his principal creditor. A local theatre, started after it had been demonstrated that a profit could not be made by those already established except under combined management, closed its doors and the building has been remodelled for other purposes. Another old established store is leaving the field. The local newspapers were consolidated after it was demonstrated that a reduction in overhead was absolutely essential.

Bemidji is a good city, capable of growing and sure to advance but it is no longer a "boom" town. There was a time when the steady influx of lumber workers provided an outlet for retail goods far in advance of the size of the city or surrounding territory. Those days have passed and the careful business man must analyze the field carefully before starting.

The surrounding territory is in the process of construction, payrolls are diminishing in the city and in our opinion there will have to be even more concentration in business circles. The retail field is now well filled, perhaps too well. While ever hospitable, Bemidji should not encourage any new retail stores to start since by doing so they are but adding to the overhead that must be met without increasing the amount of business brought into Bemidji. It is a time for caution but not for pessimists. Bemidji is all right and will remain so, but a little thought may save an over enthusiastic merchant from a business failure.

THE tusk of a huge elephant has been unearthed in Illinois, at Funk's grove near Bloomington. By the way, this is where the Republican party was born and is therefore a tusk of the G. O. P. elephant.

Miss Reba Lawrence, prize-winning beauty of Atlanta, Ga., was left the bulk of the estate of the late Robert E. Deans, Atlanta broker, by one of two wills made by Deans. In the second will Miss Lawrence is bequeathed only part of the estate, which is said to be in excess of \$300,000. Relatives of Deans are contesting the wills, alleging that neither was filed for probate. Among the contestants is Mrs. Charles Leuchtenberg, of Detroit, who declares she was married to Deans in 1905 and later divorced. She claims part of the estate for her son, Frank Deans, and for herself.

Uncomplimentary

The county inspector was paying his monthly visit to the village school. He examined the children in reading and general knowledge, as was his custom and was very pleased with the answers he received. After the last question he rose to his feet and, looking slowly around on the upturned faces, remarked genially: "I wish I was a little boy at school again." He allowed a few moments for this to sink in and then added: "Do you know why I wish that?" For a moment or two there was silence, and then a childish voice from the back of the room was heard to say: "Cos you've forgot all you ever knowed."—Atlanta Journal.

Storm Clouds' Visibility

The weather bureau says that the distance at which storm clouds are visible to the naked eye varies greatly with one's position and the kind of clouds. If a person is in an open flat country and the clouds are of the broad stratus or layer type, he may not see them more than 30 or 40 miles away, and even not half so far if the air tends to be misty or hazy. On the other hand, when the air is quite clear a well developed cumulo-nimbus, or thunderstorm, cloud may, in favorable circumstances, be seen when more than 100 miles away.

60,000 HAVE FAILED
TO FILE INCOME TAX

With the income tax filing period on in full blast, Collector of Internal Revenue L. M. Willcuts states that there are still over 60,000 individuals who so far have failed to file their income tax returns for the year 1924. March 15 is the "dead line" and all returns received after that date will be subject to penalties. "These penalties," said Mr. Willcuts, "are not at my option or pleasure but are imposed by law. It is my desire to collect TAXES not penalties, and for that reason I urge all taxpayers to make their returns and payments within the time prescribed by law; if they do not, I cannot avoid assessing penalties."

"My whole force is now at the disposal of the taxpayers who require assistance. We are working under a new revenue law which is not generally understood by the taxpayers, and we want you to come to us to have your return properly prepared. One of the very important changes in the new law is that relative to claim for abatement. No claim for abatement for the reduction of tax erroneously reported can be accepted. Under the provisions of the new law the tax would have to be paid and a claim for refund filed. It is therefore very important that taxpayers' returns be made out correctly."

"The branch offices as well as this office will be open all day Saturday, March 14, to take care of taxpayers. No extension of time for filing returns can be granted by Collectors of Internal Revenue."

Paris, March 7.—Osborne Wood, soldier, adventurer and gambler, returned to Paris today after an absence of nearly three weeks, which caused much anxiety among his friends and served to stimulate rumors that he had come in conflict with the French police.

Slipping quietly into Paris from Spain the son of the governor-general of the Philippines would not discuss his escapade, but through his attorney the United Press was informed no action has been brought against Wood and all matters will be quickly adjusted.

Paid Coaches at Oxford

Are Unknown Quantity

On a recent fine Saturday afternoon, when Americans crowded football stadiums all over their country, only a few quiet spectators went to the trouble of watching the rugby game between Oxford and Edinburgh, says a dispatch from Oxford. The game was comparable, one might think, to a Harvard-Princeton battle.

This contrast in attendance is one of the striking examples of the difference between sport systems in America and England. In Oxford nobody has a well-paid football job to lose, so nobody cares if the stands are not packed. Rugby football is the chief autumn sport with nearly 100 inter-collegiate games and three or four varsity games weekly, yet no one has a rugby job except a number of elderly men who push rollers and take tickets. Paid coaches are unknown.

Palm Sunday

The real reason for planting yew trees in churchyards is indicated in an excerpt from Liber Festivalis, printed by Caxton in 1483, which reads as follows: "But for reason that we have no olive that bears green leaf, we take yew instead of palm and olive and carry it in procession; and so is this day called Palm Sunday."

Tribute to Meekness

Meekness is the grace which, from beneath God's footstool, lifts up a candid and confiding eye, accepting God's smile of fatherly affection, and adoring those perfections which it cannot comprehend.—James Hamilton.

RETURNING QUIETLY FROM SPAIN, REFUSES TO DISCUSS ESCAPE

(By United Press)
Paris, March 7.—Osborne Wood, soldier, adventurer and gambler, returned to Paris today after an absence of nearly three weeks, which caused much anxiety among his friends and served to stimulate rumors that he had come in conflict with the French police.

Slipping quietly into Paris from Spain the son of the governor-general of the Philippines would not discuss his escapade, but through his attorney the United Press was informed no action has been brought against Wood and all matters will be quickly adjusted.

Paid Coaches at Oxford Are Unknown Quantity

On a recent fine Saturday afternoon, when Americans crowded football stadiums all over their country, only a few quiet spectators went to the trouble of watching the rugby game between Oxford and Edinburgh, says a dispatch from Oxford. The game was comparable, one might think, to a Harvard-Princeton battle.

This contrast in attendance is one of the striking examples of the difference between sport systems in America and England. In Oxford nobody has a well-paid football job to lose, so nobody cares if the stands are not packed. Rugby football is the chief autumn sport with nearly 100 inter-collegiate games and three or four varsity games weekly, yet no one has a rugby job except a number of elderly men who push rollers and take tickets. Paid coaches are unknown.

Palm Sunday

The real reason for planting yew trees in churchyards is indicated in an excerpt from Liber Festivalis, printed by Caxton in 1483, which reads as follows: "But for reason that we have no olive that bears green leaf, we take yew instead of palm and olive and carry it in procession; and so is this day called Palm Sunday."

Tribute to Meekness

Meekness is the grace which, from beneath God's footstool, lifts up a candid and confiding eye, accepting God's smile of fatherly affection, and adoring those perfections which it cannot comprehend.—James Hamilton.

FIRST GAME THIS MORNING REVEALS FINE WORK OF CROSBY GUARDS

EACH COUNTED 4 POINTS, HOLDING OPPOSING FORWARDS SCORELESS

In the first game played this morning at the Aitkin district tournament Crosby-Ironton walked away from Aitkin by a score of 18-11. The revamped team held the margin of victory safe, and Crosby-Ironton earned their way into the finals, against Pine River tonight.

Crosby has a pair of the niftiest guards seen on the tournament floor, in Lefko and Darling. Each counted four points, and held their opposing forwards scoreless. The game was a good deal of a guards' game, Davis of Aitkin counting six of his teams points.

Johnston of Crosby made some nice dribbles through the Aitkin team, only to miff the ball as he was ready to shoot.

Glenna Collett Aims to Play in British Meet

Miss Glenna Collett of Providence, R. I., may participate in the British woman's championship tournament in England this year, it was announced by Walter Hagen, British open champion.

Miss Collett, former national champion and at present the holder of the Canadian and the North and South titles, was recently the guest of Mr. and Mrs. Hagen at their winter home at St. Petersburg, Fla., and during her visit practiced with Hagen daily over the Boca Ciega Country club course.

It is the ambition of George Collett, Miss Collett's father, to see her play in the British tournament, Hagen said, but he has determined not to permit her to enter until she appears ready. Collett has outlined in a letter to Hagen some shots he desires the girl to learn, and Hagen has planned to give her all the help possible during her stay at St. Petersburg.

Frankie Frisch was a long time discussing with Manager John J. McGraw what he was worth to the Giants as a second baseman during the 1925 season. The club owners announced work would be started as soon as weather conditions permitted and 10,000 grandstand seats and more pavilion and bleacher seats would be added, to make the St. Louis baseball plant rank with the best in the major leagues.

Staples had no trouble taking the first game from Little Falls. The score was 13 to 3. The Little Falls team played a ragged game throughout, Hauser being the only one to connect for a basket from the field and Bastien counting the other point on a free throw.

Arnston, substituting for Marlin at center for Staples, was the mainstay for the railroaders, netting three goals. Johnson and Bryson added each one field goal. No player deserves mention for Little Falls, their playing not coming up to their season's record.

PINE RIVER BEATS WADENA, 20-18 SCORE

GAME PLAYED BEFORE SMALL CROWD YESTERDAY AFTERNOON

WADENA'S TEAM WORK IS THE OUTSTANDING FEATURE

Pine River took first blood in the tournament at Aitkin when they nosed out Wadena, 20 to 18. The game was played before a small crowd at 4:30 yesterday afternoon.

Wadena's team work was the outstanding feature of the game. Their inability to make good on short shots lost the game for them. In the second half Pine River began pulling away from their opponents, until they were 10 points ahead. Soon after the start of the last quarter, Zosel, Wadena's captain, went back in the lineup, and his presence inspired his team mates to better work. Point by point they began closing the gap in the score, until they were within one basket of a tie, as the gun went off. If the game had lasted a few minutes more, it is possible that Wadena would have won out.

Zosel and Young for Wadena, and Williams for Pine River were the only players playing a good game. Young, Wadena center, especially race.

Burleigh Grimes of the Brooklyn team was the busiest pitcher afield in the National league last season. Grimes, in 38 games, had 120 chances, getting 25 putouts, 91 assists and but four errors. He took part in five double plays also. Carl Mays of the Reds was the only other hurler to top the century mark in plays. He had 112.

Richard Talmadge, whose stunts have gained him a unique position on the screen, is the star of a thrilling new picture, the first of a series of Carlos productions for F. B. O., which is showing at the Lyceum tonight only. "American Manners," is the title of this photodrama, which is replete with action revolving around the activities of a smuggling ring which is using the ships of Dan Thomsa, merchant prince, to evade the law. How young Roy Thomas (Richard Talmadge) foils this band, clears his father of suspicion in connection with the smuggling, and wins the hand of the girl of his heart forms a fast-action drama which will have an audience holding onto the arms of the seats.

Eugene O'Brien and Mae Bush in "Frisolous Sal"

"Frisolous Sal" is Western Thriller Thrills, smiles and tears, intermingled upon a background of marvelous scenic beauty, struggle for predominance in J. K. McDonald's First National picture, "Frisolous Sal," which will be shown at the New Park Sunday and Monday.

There are many reasons why the picture is worth seeing. Such scenery has seldom been shown in motion pictures before. It is too beautiful for description.

Then there is a pretty love story of a girl finding happiness with a man whose ultimate heroism blots

out the memory of his yielding to temptation. There is a little boy whose heart is almost broken by the seeming indifference of his father. There is a heroic Western figure willing to sacrifice the ambitions of his own heart that the girl he loves may be happy.

There is a rough-and-tumble fight that, for stark realism, eclipses anything of the kind ever shown before on the screen. And there is a thrilling climax in which two men fight to the death in a careening ore bucket as it rolls along the cable of an aerial tram across a 400-foot gorge.

"The Man Who Came Back" Big Picture at Lyceum Sunday

One of the screen's greatest pictures is to be shown at the Lyceum Sunday and Monday. It is entitled "The Man Who Came Back," featuring George O'Brien. As a stage play it ran for years on Broadway, and is now a tremendous film produced in 9 reels by Wm. Fox.

pion.

Miss Collett, former national cham-
pion and at present the holder of the
Canadian and the North and South
titles, was recently the guest of Mr.
and Mrs. Hagen at their winter home
at St. Petersburg, Fla., and during her
visit practiced with Hagen daily over
the Boca Ciega Country club course.

It is the ambition of George Collett,
Miss Collett's father, to see her play
in the British tournament, Hagen said,
but he has determined not to permit
her to enter until she appears ready.
Collett has outlined in a letter to Ha-
gen some shots he desires the girl to
learn, and Hagen has planned to give
her all the help possible during her
stay at St. Petersburg.

Staples had no trouble taking the
first game from Little Falls. The
score was 13 to 3. The Little Falls
team played a ragged game through-

Bastien counting the other point on
a free throw.

Arnstson, substituting for Marlin at
center for Staples, was the mainstay
for the railroaders, netting three
goals. Johnson and Bryson added
each one field goal. No player de-

PINE RIVER BEATS WADENA, 20-18 SCORE

WADENA'S TEAM WORK IS THE
OUTSTANDING FEAT-
URE

Pine River took first blood in the
tournament at Aitkin when they nosed
out Wadena, 20 to 18. The game was
played before a small crowd at 4:30
yesterday afternoon.

Wadena's team work was the out-
standing feature of the game. Their
inability to make good on short shots
lost the game for them. In the second
half Pine River began pulling away
from their opponents, until they were
10 points ahead. Soon after the start
of the last quarter, Zosel, Wadena's
captain, went back in the lineup, and
his presence inspired his team mates
to better work. Point by point they
began closing the gap in the score,
until they were within one basket of
a tie, as the gun went off. If the
game had lasted a few minutes more,
it is possible that Wadena would have
won out.

Zosel and Young for Wadena,
and Williams for Pine River were the
only players playing a good game.

Eugene O'Brien and Mae Bush in "Frisolous Sal"

"Frisolous Sal" is Western Thriller
Thrills, smiles and tears, inter-
mingled upon a background of mar-
velous scenic beauty, struggle for
predominance in J. K. McDonald's
First National picture, "Frisolous
Sal," which will be shown at the
New Park Sunday and Monday.

There are many reasons why the
picture is worth seeing. Such scen-
ery has seldom been shown in mo-
tion pictures before. It is too beau-
tiful for description.

Then there is a pretty love story
of a girl finding happiness with a
man whose ultimate heroism blots

out the memory of his yielding to
temptation. There is a little boy
whose heart is almost broken by the
seeming indifference of his father.
There is a heroic Western figure
willing to sacrifice the ambitions of
his own heart that the girl he loves
may be happy.

There is a rough-and-tumble fight
that, for stark realism, eclipses any-
thing of the kind ever shown before
on the screen. And there is a thrill-
ing climax in which two men fight
to the death in a careening ore bucket
as it rolls along the cable of an aerial
tram across a 400-foot gorge.

WELL TRAINED JUVENILE TALENT

Beautiful Costumes, Elaborate Stage Settings, Clever Program at Whittier School

"JAMBOREE" ATTRACTS MANY

Entertainment Given Under Auspices of Whittier Parent-Teachers Association

Well trained juvenile talent, beautiful costumes, elaborate stage settings and a cleverly arranged program assure a very pleasant evening to all who attend the Whittier school jamboree this Saturday evening. The entertainment is under the auspices of the Whittier parent-teachers association, and the funds realized will be used for furthering the work of the schools. The doors will be open at seven o'clock, and the fun starts shortly thereafter.

The main program will be given in the Whittier assembly room, and lasts about one hour. While the operetta is the feature of this program, and will consume the major portion of its time, still there are other numbers that will also delight the audience.

One of these is the group of folk dances, given by the little folks in the first primary room in costume. The first is a colonial dance, and the second is the Danish dance of greeting. Those taking part include Betty Woodhead, Elaine Weisz, Ruth Mahlum, Betsy Cocks, Elaine Tracy, Angeline Anderson, Betty Egan, Gale Tollefson, Marjorie Law, Eugene Paine, James Flagg Alderman, Joseph Graham, Robert Cohen, Arthur Brandt, David Nordin, James Swedberg, Franklin Wright and James Johnson. The costumes for these dances were, in the majority of cases, made by Miss Mary Walsh, primary teacher.

The children in the second and B third grades, under the direction of Miss Hopper, will present a very pretty drill under the title of "Flags of all Nations." The children taking part in this are also in costume, and include Helen Stout, George King, Edward Law, Joseph Cibuzar, Leona Kleinschmidt, Mattie Temple, Jean Fossum, Marion Mackey, Floyd Bacon, Helen Larson, Mary Prentice, Blanch Smith, Phyllis Olson and Helen Lowey.

A humorous playlet, entitled "A Forenoon in Dr. Brown's Office" will be staged by the pupils of the fourth and fifth grades of Miss Sager's room. The cast of characters is as follows:

Dr. Brown—Drexel Geist.
Miss Gray, his nurse—Barbara Zapffe.
Mrs. Smith—Margaret Betty Mahlum.
Mrs. Smith's little boy—Richard Rice.
Mrs. Brown—Bernice Steinfeldt.
Mrs. Brown's boy—Ralph Paul.
Mrs. Johnson—Frances Peterson.
Mrs. Johnson's little girl—Florence Jane Elder.

Mrs. White—Clara Gfinsstad.
Mrs. White's boy—Allan McKay.
Jake, a newsboy—James Black.
Jim, his chum—Walter Kurz.

All of the above numbers in addition to the operetta, "The Quest of the Pink Parasol" are included in the program in the assembly room. The small admission charge of 25 cents for adults and 15 cents for children, collected at the entrance to the building admits to this program, the only extra charge being for the side shows that will be featured on the first floor and in the basement.

The public is invited to attend this jamboree, to come early and stay late. There will be something doing every minute, and all are promised a very pleasant evening.

GARDEN FLOWER SOCIETY MEETING

Meets Monday Evening, March 9 at the Chamber of Commerce Rooms

BEAUTIFYING BRAINERD

Object is to Furnish Gladiolus Bulbs to Citizens at Nominal Cost

An important meeting of all members of the Garden Flower Society has been called for Monday evening, March 9th, at the Chamber of Commerce, beginning promptly at 8 o'clock. Everyone interested in the beautifying of Brainerd, whether members of the society or not, are urged to be present.

The purpose of this meeting is to consider a proposition to be presented to the civic affairs committee of the Rotary club to furnish gladiolus bulbs to the citizens of Brainerd at a very nominal figure. Should any be interested in dahlias, this flower will also be discussed. Arrangements have been made to have these bulbs distributed through a local florist who is entering into the spirit of the campaign.

Last fall 2,200 peony roots were distributed in the city, and it is thought that 25,000 gladiolus bulbs can be put out this spring at the prices at which they can be obtained.

The peony show will doubtless be held again this June and the flower show at which gladiolus and dahlias will be featured will be held late in August. The society feels that now is the time to plan for the gardens and to select the bulbs and roots for growing flowers for the show. The thought is that if the majority of the residents lend a hand, Brainerd can be a bower of beauty and that the flower show will attract the attention of the city and county.

A number of homes have been landscaped by a landscape gardener and others have selected shrubbery so that a greater amount will be set out than there was last season. Last year saw more shrubbery set out than in many years in the past.

Those behind the movement hope to see Brainerd justly called "The Flower City of Minnesota," and this vision promises to be realized. There should be a large number at Monday evening's meeting.

Strictly a Ford schedule is used in making our charges for repair work. You can charge it at Lively's.

Hedstrom Orchestra in Return Engagement at Theatre Sunday Night

Due to the decided hit the Hedstrom orchestra made at the New Park theatre on a recent engagement and their general popularity, they have been engaged to play at the New Park on Sunday night in conjunction with the big special picture "Frisolous Sal" starring Eugene O'Brien, Mae Busch and Ben Alexander. This big special picture tangles with the spirit that makes the West; aglow with the adventures that make great men and thrills with the kind of romance each heart yearns for.

The orchestra has arranged a new repertoire of popular numbers for the Sunday night engagement and will repeat only numbers that are extremely popular and are very much in demand. Since the orchestra is an added attraction and regular prices will prevail, undoubtedly the New Park will be filled to capacity on Sunday night. Come early for seats.

Object is to Furnish Gladiolus Bulbs to Citizens at Nominal Cost

An important meeting of all members of the Garden Flower Society has been called for Monday evening, March 9th, at the Chamber of Commerce, beginning promptly at 8 o'clock. Everyone interested in the beautifying of Brainerd, whether members of the society or not, are urged to be present.

The purpose of this meeting is to consider a proposition to be presented to the civic affairs committee of the Rotary club to furnish gladiolus bulbs to the citizens of Brainerd at a very nominal figure. Should any be interested in dahlias, this flower will also be discussed. Arrangements have been made to have these bulbs distributed through a local florist who is entering into the spirit of the campaign.

Last fall 2,200 peony roots were distributed in this city, and it is thought that 25,000 gladiolus bulbs can be put out this spring at the prices at which they can be obtained.

The peony show will doubtless be held again this June and the flower show at which gladiolus and dahlias will be featured will be held late in August. The society feels that now is the time to plan for the gardens and to select the bulbs and roots for growing flowers for the show. The thought is that if the majority of the residents lend a hand, Brainerd can be a bower of beauty and that the flower show will attract the attention of the city and county.

A number of homes have been landscaped by a landscape gardener and others have selected shrubbery so that a greater amount will be set out than there was last season. Last year saw more shrubbery set out than in many years in the past.

Those behind the movement hope to see Brainerd justly called "The Flower City of Minnesota," and this vision promises to be realized. There should be a large number at Monday evening's meeting.

Strictly a Ford schedule is used in making our charges for repair work. You can charge it at Lively's.

PICKING THE WINNER IN AMERICAN LEAGUE

By HENRY L. FARRELL
(United Press Sports Editor)

New York, March 7.—Speculation regarding the outcome of the 1925 American League pennant hasn't been as diversified in years as it has been this spring. The surprising victory of the Washington Senators in the 1924 race completely upset all pre-season speculations and it has resulted in hunches that another upset may be staged this year.

Washington, New York and Detroit are generally admitted to be the strongest teams in the league, with Philadelphia and St. Louis seeming to be dark horses. Some critics are picking Washington to repeat and others are looking for New York and Detroit to finish ahead of the Senators.

There was an element of luck in the victory of the Senators last year in the fact that the team didn't have the bad luck that hurt the Yankees and Tigers. But there is no reason to believe that the world's champions will not play as well as they did last season and there is no assurance that the Yankees and the Tigers will show improved form.

Potentially the Senators are stronger than they were last year. They have improved the weakness in severe strength that would have killed the team in 1924 if any of the regular infielders had been hurt and they have bolstered the pitching staff. Dutch Reuther and Stan Coveleskie, two veteran pitchers, have been added to the staff. They are gamblers, of course, but it is quite possible that they will improve over their 1924 form, as many other players do when they change uniforms. Reuther was dissatisfied in Brooklyn. He complained that he was overworked in the early part of the season and that he was forced to take his regular turn in the box when he had a sore arm. When Wilbert Robinson, one of the most genial managers in the business, couldn't get along with Reuther, it may be that young Bucky Harris will have a diplomatic job on his hands. Reuther, however, with a prospective pennant team, may buckle down and work for a part of the world's series money, but it must be remembered that the Brooklyn Robins were standing for the National League pennant during the closing days of the race.

CROSBY-IRONTON

STAPLES RESPECTIVELY
THIS AFTERNOON LOSERS OF
SEMI-FINALS IN CONSOLATION GAME

Crosby-Ironton Pine River entered the final in the district tournament at Aitkin by virtue of their victories this morning over Aitkin and Staples respectively. This afternoon the losers of the semi-final games play a consolation game for third place. A second game this afternoon is one between Co. B team of Aitkin, and the high school coaches' team, composed of Woock, the Harbo brothers, Krueger, and Curneo.

The tournament is a disappointment, the games dragging out, poor playing being shown all around, and the refereeing alleged to be the worst that has been seen in this region for a long time. Any kind of foul gets by, to the disgust of the spectators.

Pine River upset the dope bucket this morning, and defeated Staples for a right to enter the finals tonight against Crosby-Ironton. It was a battle between brothers, as Alf Har-

bo coaches the Pine River team, and his brother coaches at Staples. The score was 14-12.

The game was close, but uninteresting. Bryson and Johnson kept Staples in the running with their basket shooting, but each of them also threw away the game in the closing seconds, when they missed shots right under the basket. Jackson guarded well for Staples.

Christian, guard for Pine River, played a good game, and made two pretty baskets from the middle of the floor. His running mate, O. Robideau, did some wonderful floor work, in breaking up Staples play. No player stood out as star on either side, outside of these on occasion.

The score:

Iowa City, March 7.—University of Iowa riflemen have cracked and cracked the Hawkeye target record this winter, and hope in bull's-eye circles is now high. Wiggins recently beat Dehner's record of 383 by shooting 385, and was in turn passed by Milota at 391.

LOSE HEART-BREAKER OF GAME
TO CROSBY-IRONTON

SCORE ROLLED UP TO FIGURES
15 TO 8—BRAINERD UNABLE
TO GET GOING

Brainerd was eliminated in the first round of the tournament at Aitkin, when they lost a heart-breaker to Crosby-Ironton by a score of 15 to 8. The Brainerd team did not seem able to get going, until in the last part of the game, but for each point Brainerd made then, Crosby came back to keep their advantage.

Darling was set to watch Embretson, and made a good job of it. Wall counted twice from the floor, but most of the time, Darling was right on his trail. Darling also got loose to make a brace of goals himself. These came in the first quarter, one after two minutes of play, and the other coming toward the close of the period as the Brainerd guards slept.

During this first period Brainerd played a poor game, several poor passes spoiling what would otherwise have been good scoring chances.

In the second period, Crosby added five points more, while Brainerd was having tough luck on shots, only counting a single point on a free throw. Opsahl took Whitlock's place in the second half, and Avery went in for Rosenberg. Brainerd played a better passing game this half, but could not break the ice on field goals. One of Dieckhaus' shots went in the basket and came out again. As the third period was nearing a close, Engbretson pulled the ball from the hands of Darling, Crosby captain, dribbled to the basket and made a goal, as the Brainerd crowd went into an uproar.

Engbretson made another in the first minute of the final quarter, but Radosovich came back with one too. Dieckhaus' long shot was short, but Opsahl pulled the ball out of the air under the basket, and slipped a shot over his shoulder for a counter. With four minutes of play left, both sides were doing wonderful defensive work. Whitlock and Rosenberg went back into the game. Engbretson brought the score to 11-8 by a free throw. Then Woock increased the lead of the range team by a field goal and Radosovich put the game in the cooler by a clever shot over his shoulder, the score standing at 15-8 as the final gun sounded.

The guards of both sides deserve mention for their good work. They

were the two best pairs of guards on the tournament floor. Darling did fine work holding Engbretson, and Tribur and Dieckhaus worked in great shape. Dieckhaus at times rose to great heights in his floor game, only a streak of hard luck preventing him from being the outstanding man on the floor. His shots for baskets were unlucky.

The Line-ups

Brainerd	Crosby-Ironton
Engbretson	r.f. Radosovich
Rosenberg and	Wescott
Avery	l.f.
Whitlock and	
Opsahl	c. Woock

HELP KIDNEYS
BY DRINKING
MORE WATER

Take Salts to Flush Kidneys and Help Neutralize Irritating Acids

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which may quickly relieve your bladder irritation. By all means have your physician examine your kidneys at least twice a year.—Advt.

Then Woock increased the lead of the range team by a field goal and Radosевич put the game in the cooler by a clever shot over his shoulder, the score standing at 15-8 as the final gun sounded.

The guards of both sides deserve mention for their good work. They

were the two best pairs of guards on the tournament floor. Darling did fine work holding Engbretson, and Tribur and Dieckhaus worked in great shape. Dieckhaus at times rose to great heights in his floor game, only a streak of hard luck preventing him from being the outstanding man on the floor. His shots for baskets were unlucky.

HELP KIDNEYS

Take Salts to Flush Kidneys and Help Neutralize Irritating Acids

Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink which may quickly relieve your bladder irritation. By all means have your physician examine your kidneys at least twice a year.—Advt.
